## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and  
Members of the Borough Council  
Borough of Park Ridge  
Park Ridge, New Jersey

### **Report on the Financial Statements**

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Borough of Park Ridge, as of December 31, 2020 and 2019, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2020, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of Park Ridge on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Park Ridge as of December 31, 2020 and 2019, or changes in financial position, or, where applicable, cash flows for the years then ended.

***Basis for Qualified Opinion on Regulatory Basis of Accounting***

As discussed in Note 17 of the financial statements, the financial statements – regulatory basis of the Length of Service Awards Program (LOSAP) Trust Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Borough’s financial statements as of and for the years ended December 31, 2020 and 2019. The LOSAP Trust Fund financial activities are included in the Borough’s Trust Funds, and represent 49.1 percent and 47.2 percent of the assets and liabilities, respectively, of the Borough’s Trust Funds as of December 31, 2020 and 2019.

***Qualified Opinion on Regulatory Basis of Accounting***

In our opinion, except for the possible effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Trust Fund financial statements been audited as described in the “Basis for Qualified Opinion on Regulatory Basis of Accounting” paragraph above, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account group of the Borough of Park Ridge as of December 31, 2020 and 2019, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the respective revenues – regulatory basis and expenditures – regulatory basis of the various funds for the year ended December 31, 2020 in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

***Other Matters***

***Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Borough of Park Ridge as a whole. The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards, schedule of expenditures of state financial assistance and the supplementary data and letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Park Ridge.

The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole on the basis of accounting described in Note 1.

The supplementary data and letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated October 5, 2021 on our consideration of the Borough of Park Ridge's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Park Ridge's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Park Ridge's internal control over financial reporting and compliance.

**A. Reporting Entity**

The Borough of Park Ridge (the "Borough") was incorporated in 1894 and operates under an elected Mayor and Council form of government. The Mayor is elected to a four-year term and the six council members are elected at-large to serve staggered three-year terms. The Mayor is the Chief Executive Officer of the Borough and as such presides over all public meetings, provides leadership in the development of community projects, and makes appointments to various boards. The Borough Council exercises all legislative powers including final adoption of the municipal budget and bond ordinances and confirmation of the Mayor's appointments, and all executive authority which is not specifically provided to the Mayor, by State law. A Borough Administrator is appointed by the Borough Council and is responsible for the implementation of the policies of the Mayor and Council, for the administration of all Borough affairs and for the day to day operations of the Borough. The Borough Administrator is the Chief Administrative Officer for the Borough. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, water and electric supply services and general administrative services.

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the Borough is financially accountable. The Borough is financially accountable for an organization if the Borough appoints a voting majority of the organization's governing board and (1) the Borough is able to significantly influence the programs or services performed or provided by the organization; or (2) the Borough is legally entitled to or can otherwise access the organization's resources; the Borough is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Borough is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Borough in that the Borough approves the budget, the issuance of debt or the levying of taxes. The Borough is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the municipal library or volunteer fire department, which are considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

**B. Description of Regulatory Basis of Accounting**

The financial statements of the Borough of Park Ridge have been prepared on a basis of accounting in conformity with accounting principles and practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through separate funds, which differ from the fund structure required by GAAP.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America. (GAAP). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

**C. Basis of Presentation – Financial Statements**

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. The Borough also uses an account group, which is designed to provide accountability for certain assets that are not recorded in those Funds.

The Borough has the following funds and account group:

Current Fund – This fund is used to account for the revenues and expenditures for governmental operations of a general nature and the assets and liabilities related to such activities, including Federal and State grants not accounted for in another fund.

Trust Funds – These funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individuals, private organizations, or other governments are recorded in the Trust Funds.

Animal Control Trust Fund – This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

Other Trust Fund – This fund is established to account for the assets and resources, which are held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits, payroll related deposits and funds deposited with the Borough as collateral.

Unemployment Insurance Trust Fund – This fund is used to account for employee and employer contributions for the purpose of providing unemployment benefits to former eligible employees.

Open Space Preservation Trust Fund – This fund is used to account for the resources which have accumulated from a dedicated tax and other resources to be used for the preservation and improvements of municipal open space, recreation and farmland property.

Affordable Housing Trust Fund – This fund is used to account for receipts and disbursements relating to redevelopment fees and expenditures which are regulated by NJAC 5.97-8.

Length of Service Awards Program Trust Fund (LOSAP) – This fund is established to account for the tax-deferred income benefits to active volunteer members of emergency service organizations of the Borough.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds used and related financial transactions related to the acquisition or improvement of general capital facilities and other capital assets, other than those acquired in the Current Fund.

Water Utility Fund – This fund is used to account for the revenues and expenditures for the operation of the Borough's water utility and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the water utility is accounted for in the capital section of the fund.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Basis of Presentation – Financial Statements (Continued)**

*Electric Utility Fund* – This fund is used to account for the revenues and expenditures for the operation of the Borough’s electric utility system and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the sewer utility is accounted for in the capital section of the fund.

*Utility Trust Fund* – This fund is used to account for refundable deposits collected from customers receiving water and electric services from the Borough.

*Swim Pool Utility Fund* – This fund is used to account for the revenues and expenditures for operation of the Borough’s swimming and recreational facilities and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the swim pool utility is accounted for in the capital section of the fund.

*Public Assistance Fund* – This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

*General Fixed Assets Account Group* – This account group is used to account for all general fixed assets of the Borough, other than those accounted for in the water, electric and swim pool utility funds. The Borough’s infrastructure is not reported in the account group.

**Comparative Data** – Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Borough’s financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

**Reclassifications** – Certain reclassifications may have been made to the December 31, 2019 balances to conform to the December 31, 2020 presentation.

**Financial Statements – Regulatory Basis**

The GASB Codification also requires the financial statements of a governmental unit to be presented in the basic financial statements in accordance with GAAP. The Borough presents the regulatory basis financial statements listed in the table of contents which are required by the Division and which differ from the basic financial statements required by GAAP. In addition, the Division requires the regulatory basis financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from reporting requirements under GAAP.

**D. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The Borough of Park Ridge follows a modified accrual basis of accounting. Under this method of accounting, revenues, except State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed or permitted for municipalities by the Division (“regulatory basis of accounting”) differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

**BOROUGH OF PARK RIDGE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Cash and Investments** – Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. Investments are reported at cost and are limited by N.J.S.A. 40A:5-15.1 et seq. with the exception of LOSAP Trust Fund investments which are reported at fair value and are limited by N.J.A.C. 5:30-14.19. GAAP requires that all investments be reported at fair value.

**Inventories** – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires inventories to be recorded as assets in proprietary-type funds.

**Property Tax Revenues/Receivables** – Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of December 31, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a standard tax sale. The Borough also has the option when unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on the 11<sup>th</sup> day of the eleventh month in the fiscal year when the taxes or lien became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing property on an accelerated tax sale, provided that the sale is conducted and completed no earlier than in the last month of the fiscal year. The Borough may institute annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the tax receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both levied and available), reduced by an allowance for doubtful accounts.

**Miscellaneous Revenues/Receivables** – Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both measurable and available).

**Utility Revenues/Receivables** – Water utility charges are levied both bi-monthly and quarterly based upon a flat service charge and a consumption or usage charge. Electric utility charges are levied both monthly and bi-monthly based upon a flat service charge and a consumption or usage charge. Swim pool utility charges are based on a flat fee by membership or service type (i.e., family, single, guest, etc.). Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balances sheet of the Borough's utility operating funds. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Grant and Similar Award Revenues/Receivables** – Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough’s budget. GAAP requires such revenues to be recognized as soon as all eligibility requirements imposed by the grantor or provider have been met.

**Property Acquired for Taxes** – Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved. GAAP requires such property to be recorded as a capital asset in the government-wide financial statements at fair value on the date of acquisition.

**Interfunds** – Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve for interfunds and, therefore, does not recognize income in the year liquidated.

**Deferred Charges** – Certain expenditures, operating deficits and other items are required to be deferred to budgets of succeeding years. GAAP requires expenditures, operating deficits and certain other items generally to be recognized when incurred, if measurable.

Funded and unfunded debt authorizations for general capital projects are also recorded as deferred charges and represent permanent long-term debt issues outstanding (funded) and temporary debt issues outstanding or unissued debt authorizations (unfunded), respectively. GAAP does not permit the recording of deferred charges for funded and unfunded debt authorizations.

**Appropriation Reserves** – Appropriation reserves are recorded as liabilities and are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Expenditures** – Expenditures are recorded on the “budgetary” basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgements, which are recognized when due.

**Encumbrances** – Contractual orders outstanding at December 31, are reported as expenditures and liabilities through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures or liabilities under GAAP.

**Compensated Absences** – Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations are recorded as a long-term obligation in the government-wide financial statements.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Tax Appeals and Other Contingent Losses** – Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. GAAP requires such amounts to be recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

**General Fixed Assets** – In accordance with NJAC 5:30-5.6, Accounting for Governmental Fixed Assets, the Borough of Park Ridge has developed a fixed assets accounting and reporting system. Fixed assets are defined by the Borough as assets with an initial, individual cost of \$500 and an estimated useful life in excess of two years.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and sewerage and drainage systems are not capitalized.

General Fixed Assets purchased after December 31, 2008 are stated at cost. Donated fixed assets are recorded at acquisition value at the date of donation.

General Fixed Assets purchased prior to December 31, 2008 are stated as follows:

Land and Buildings	Assessed Value
Machinery and Equipment	Replacement Cost

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the General Capital Fund until such time as the construction is completed and put into operation for general fixed assets.

Accounting for utility fund “fixed capital” remains unchanged under NJAC 5:30-5.6.

Property and equipment purchased by the water, electric and swim pool utility funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represents charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

GAAP requires that capital assets be recorded in proprietary-type funds as well as the government-wide financial statement at historical or estimated historical cost if actual historical cost is not available. In addition, GAAP requires depreciation on capital assets to be recorded in proprietary-type funds as well as in the government-wide financial statements.

**Use of Estimates** - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

During the last two months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. During 2020 and 2019 the Borough Council increased the original Current Fund budget by \$223,842 and \$232,500, respectively. The 2020 increase was attributable for an emergency appropriation of \$200,000 for legal services and costs and \$23,842 of additional aid allotted to the Borough. The 2019 increase was attributable to an emergency appropriation of \$200,000 for legal services and costs and \$32,500 of additional aid allotted to the Borough. The 2018 increase was funded by additional aid allotted to the Borough. In addition, the governing body approved several budget transfers during 2019 and 2018.

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to 2% of final compensation for each year of service.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Borough employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

**Other Pension Funds**

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The cost of living increase for PFRS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Measurement Focus and Basis of Accounting**

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at [www.state.nj/treasury/doinvest](http://www.state.nj/treasury/doinvest).

**Collective Net Pension Liability**

The collective net pension liability of the participating employers for local PERS at June 30, 2020 and 2019 is \$16.4 billion and \$18.1 billion, respectively, and the plan fiduciary net position as a percentage of the total pension liability is 58.32% and 56.27%, respectively. The collective net pension liability of the participating employers for local PFRS at June 30, 2020 and 2019 is \$14.9 billion and \$14.2 billion, respectively and the plan fiduciary net position as a percentage of total pension liability is 63.52% and 65.00%, respectively.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2019 and 2018 which were rolled forward to June 30, 2020 and 2019, respectively.

**Actuarial Methods and Assumptions**

In the July 1, 2019 and 2018 PERS and PFRS actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions for 2020 and 2019 based on 10.0% for PFRS, 7.50% for PERS and 5.50% for DCRP of employee's annual compensation.

For the years ended December 31, 2020 and 2019 for PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All contributions made by the Borough for 2020, 2019 and 2018 were equal to the required contributions.

***Long-Term Expected Rate of Return***

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020 and 2019, as reported for the years ended December 31, 2020 and 2019, respectively, are summarized in the following table:

***Special Funding Situation – PFRS***

Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2020 and 2019, the State's proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$1,433,979 and \$1,353,521, respectively. For the years ended December 31, 2020 and 2019, the pension system has determined the State's proportionate share of the pension expense attributable to the Borough for the PFRS special funding situation is \$162,513 and \$157,268, respectively, which are more than the actual contributions the State made on behalf of the Borough of \$110,344 and \$91,199, respectively. At December 31, 2020 (measurement date June 30, 2020) the State's share of the PFRS net pension liability attributable to the Borough was .07151 percent, which was an increase of .00147 percent from its proportionate share measured as of December 31, 2019 (measurement date June 30, 2019) of .07004 percent. The State's proportionate share attributable to the Borough was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Borough's financial statements.

***Pension Plan Fiduciary Net Position***

Detailed information about the PFRS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Borough Administered Post-Retirement Health Benefits Program**

**Plan Description**

The Borough provides a post employment healthcare plan for its eligible retirees and their dependents. Effective June 1, 2017 the Borough changed from the State Health Benefit Program to a private plan. The plan is a single-employer defined benefit healthcare plan administered by the Bergen Municipal Employees Benefit Fund (BMED) for the Borough. In accordance with Borough employment contracts and personnel policies, the Borough can amend the benefit terms and financing requirements of the plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No.75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**Benefits Provided**

The Borough provides postretirement healthcare insurance benefits for retirees and their dependents who meet certain eligibility requirements at the time of retirement at the same cost to the retiree as there would be, if any, if they remained an employee. Coverage for a retiree’s surviving spouse and/or dependents are eligible for subsidized coverage upon the death of the retiree. Police who have at least twenty-five (25) years of service credit in PFRS with at least fifteen (15) years of that service in Park Ridge hired on or before June 1, 1992, and twenty (20) years of that service in Park Ridge hired subsequent to June 1, 1992 and prior to January 1, 2013 at the time of retirement are eligible for employer provided post-retirement health coverage. Park Ridge Utility Employees Association members who qualify for service retirement as defined by PERS hired prior to January 1, 2013 and who have a minimum of fifteen (15) years of continuous service with the Borough of Park Ridge at the time of retirement are eligible for employee provided post-retirement health coverage. All other employees hired prior to January 1, 2013 who retire and reach the age of 62 years or older with at least fifteen (15) years of service with the Borough at the time of retirement are eligible for employer provided post-retirement health coverage. Employees hired on or after January 1, 2013 are not eligible to receive post-retirement health coverage after leaving service with the Borough.

**Employees Covered by Postemployment Benefits**

	<u>155</u>	<u>142</u>

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The regulatory basis of accounting requires employers with a single-employer defined benefit healthcare plan to disclose in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pension (GASB No. 75)* their collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions.

*Actuarial Assumptions*

The Borough's total OPEB liability reported for the year ended December 31, 2020 was based on the December 31, 2020 measurement date as determined by an actuarial valuation as of December 31, 2020. The total OPEB liability reported for the year ended December 31, 2019 was based on the December 31, 2019 measurement date as determined by an actuarial valuation as of December 31, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

**December 31, 2020**

<i>Mortality</i>	<i>RP 2000 Combined Healthy Male Mortality Rates Set Forward One Year and Adjusted for Generational Improvement</i>
<i>Turnover</i>	<i>NJ State Pensions Ultimate Withdrawal Rates – prior to benefits eligibility</i>
<i>Assumed Retirement Age</i>	<i>At first eligibility after the completion of both 15 years of service and age 62, or 25 years of service if earlier.</i>
<i>Full Attribution Period</i>	<i>Service to Assumed Retirement Age</i>
<i>Annual Discount Rate</i>	<i>2.12% Based on the Bond Buyer 20 Index December 31, 2020</i>
<i>CPI Increase</i>	<i>2.5%</i>
<i>Rate of Salary Increase</i>	<i>2.5%</i>
<i>Medical Trend</i>	<i>Medical: 5.6% in 2020, reducing by 0.1% per annum, leveling at 5% per annum in 2026 Drug: 9.0% in 2020, reducing by 0.5% per annum to 2022 and 1.0% per annum thereafter, leveling at 5% per annum in 2026</i>
<i>Medical Cost Aging Factor</i>	<i>NJ SHBP Medical Morbidity Rates</i>

- Attribution Period – The attribution period begins with the date of hire and ends with the full benefits eligibility date.
- Per Capita Cost Methods – The valuation reflects per capita net premium costs based on actual 2020 medical premiums and the plan option selected. The age specific cost was derived based on per person costs at the average age of the active population (47) and scaled to each age based on the medical cost aging factors. At age 65, Medicare becomes the primary payor of medical benefits and consequentially, per capita plan costs are offset by Medicare payments. When actual data is not available, post 65 costs are decreased using the assumption that Medicare picks up 66.7% of medical costs.
- Retiree Contributions – NJ Chapter 78 requires that certain future retirees contribute toward the cost of their benefits. Specifically, those who had retired prior to passage of Chapter 78 and those employees that had more than 25 years of service on the date of passage are grandfathered. All others are subject to the contribution rates in effect when they retire, but not less than 1.5% of their annual retirement allowance from the Public Employees Retirement System. For purposes of this valuation and for conservatism, we have assumed that future retiree contributions percentage rates will not increase. Thus, we assumed that a future retiree will contribute his/her current employee contribution as reported by the Borough increased annually by the rate of medical trend.
- Actuarial Valuation Method – Entry Age Normal Funding Method based on a level percentage of salary. 2020 salaries were reported as \$6.283 million.

Plan selections are assumed to remain unchanged in retirement. The age specific cost was derived based on per person costs at the average age of the active population (48) and scaled to each age based on the medical cost aging factors. **State Administered Post-Retirement Health Benefits Program**

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for participating municipalities. The State also sponsors and administers a post-retirement health benefit program for certain eligible former Borough employees and/or their dependents under a special funding situation.

**Plan Description and Benefits Provided**

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

**State Health Benefit Program Fund – Local Government Retired (the Plan)** (including Prescription Drug Program Fund) – The Plan is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits’ (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)**

**State Health Benefit Program Fund – Local Government Retired (the Plan) (Continued)**

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Measurement Focus and Basis of Accounting**

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

**Collective Net OPEB Liability**

The collective net OPEB liability of the participating employers and the State, as the non-employer contributing entity, of the Plan at June 30, 2020 was not available and for 2019 is \$13.5 billion and the plan fiduciary net position as a percentage of the total OPEB liability is 1.98% at June 2019.

The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2018 which was rolled forward to June 30, 2019.

**Actuarial Methods and Assumptions**

In the June 30, 2018 OPEB actuarial valuation, the actuarial assumptions and methods used in this valuation were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Post-Retirement Medical Benefits Contribution**

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The employers participating in the OPEB plan made contributions of \$346.4 million and the State of New Jersey, as the non-employer contributing entity, contributed \$43.9 million for fiscal years 2019.

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution, an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The Borough is not required to make contributions to the State Plan under the special funding situation. The State as a non-employer contributing entity makes contributions to the Plan on-behalf of the Borough under a special funding situation.

**NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)**

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund – Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pension (GASB No. 75)* their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions.

Under GASB Statement No. 75 local governmental employers are required to provide certain financial information based on a measurement date no earlier than the end of the employer’s prior fiscal year. The GASB 75 financial information from the State’s Division of Pensions and Benefits to be reported for the year ended December 31, 2020 for the measurement date of June 30, 2020 was not available as of the date of audit. Accordingly, the State’s Division of Local Government Services issued Local Finance Notice 2021-10 which authorizes and permits New Jersey municipalities to present the most recent available audited GASB 75 financial information to be incorporated into the audit and remain in compliance with the regulatory basis of accounting disclosure requirements for notes to the financial statements. As such the GASB 75 financial information for the year ended December 31, 2020 is not presented in the notes to the financial statements.

The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal year ended June 30, 2019. Employer allocation percentages have been rounded for presentation purposes.

***Special Funding Situation***

Under N.J.S.A. 43:3C-24 the Borough is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium of periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough’s proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State’s proportionate share is 100% of OPEB under this legislation.

At December 31, 2019, the State’s proportionate share of the net OPEB liability attributable to the Borough for the OPEB special funding situation is \$3,892,372. For the years ended December 31, 2019 the plan has determined the State’s proportionate share of the OPEB expense attributable to the Borough for the OPEB special funding situation is \$51,594. At December 31, 2019, (measurement date June 30, 2019), the State’s share of the OPEB liability attributable to the Borough was .07044 percent, which was an increase of .00006 percent from its proportionate share measured as of December 31, 2018 (measurement date June 30, 2018) of .07038 percent. The State’s proportionate share attributable to the Borough was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

*Actuarial Assumptions*

The State’s total OPEB liability attributable to the Borough reported for the year ended December 31, 2019 was based on the June 30, 2019 measurement date as determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

	<u>2019</u>
Inflation Rate	2.50%
Salary Increases*	
PERS:	
Initial Fiscal Year Applied Through	2026
Rate	2.00% to 6.00%
Rate Thereafter	3.00% to 7.00%
PFRS:

Rate	3.25% to 15.25%
Rate Thereafter	Not Applicable

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)**

For the June 30, 2019 measurement date healthcare cost trend rates pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the plan upon retirement.

***Long-Term Expected Rate of Return***

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 2.00% as of June 30, 2019.

**Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

<u>Calendar Year</u>	<u>Measurement Date</u>	<u>Discount Rate</u>
2019	June 30, 2019	3.50%

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

***OPEB Plan Fiduciary Net Position – State Health Benefits Program Fund – Local Government Retired***

Detailed information about the OPEB plan’s fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions)

**BOROUGH OF PARK RIDGE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 14 RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Borough has obtained commercial insurance coverage to guard against these events to minimize the exposure to the Borough should they occur.

The Borough of Park Ridge is a member of the Bergen County Municipal Joint Insurance Fund (BJIF) and Municipal Excess Liability Joint Insurance Fund (MEL). The joint insurance funds are both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and worker's compensation. The Funds are risk-sharing public entity pools. The BJIF and MEL coverage amounts are on file with the Borough.

The Borough is also a member of the Bergen County Municipal Benefits Fund (BMED). This fund is an insured and self-administered group established for the sole purpose of providing medical insurance coverage to the employees of member municipalities. The BMED is a risk-sharing public entity pool. The BMED coverage amounts are on file with the Borough.

The relationship between the Borough and respective insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Borough is contractually obligated to make all annual and supplementary contributions to the insurance funds, to report claims on a timely basis, to cooperate with the management of the funds, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the funds. Members have a contractual obligation to fund any deficit of the funds attributable to a membership year during which the municipality was a member.

The funds provide its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the funds can be obtained by contacting the respective fund's Treasurer.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years.

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's unemployment compensation trust fund for the current and previous two years:

<u>Year Ended</u> <u>December 31</u>	<u>Borough</u> <u>Contributions</u>	<u>Employee</u> <u>Contributions</u>	<u>Amount</u> <u>Reimbursed</u>	<u>Ending</u> <u>Balance</u>

**BOROUGH OF PARK RIDGE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 15 CONTINGENT LIABILITIES**

The Borough is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the Borough's Attorney, the potential claims against the Borough not covered by insurance policies would not materially affect the financial condition of the Borough.

**Pending Tax Appeals** - Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2020 and 2019. Amounts claimed have not yet been determined. The Borough is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of community Affairs, State of New Jersey, the Borough does not recognize a liability, if any, until these cases have been adjudicated. The Borough expects such amounts, if any, could be material. As of December 31, 2020 and 2019, the Borough reserved \$530,393 and \$421,356, respectively in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years' budget or from fund balance.

**Federal and State Awards** - The Borough participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2020 and 2019, significant amounts of grant expenditure have not been audited by the various grantor agencies but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the Borough.

**NOTE 16 FEDERAL ARBITRAGE REGULATIONS**

The Borough is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2020 and 2019, the Borough has not estimated its estimated arbitrage earnings due to the IRS, if any.

**NOTE 17 LENGTH OF SERVICE AWARD PROGRAM (LOSAP)-UNAUDITED**

The Borough of Park Ridge Length of Service Award Program (the Plan) was created by a Borough ordinance adopted on August 10, 1999 pursuant to 457 (e)(11)(13) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the Length of Service Award Program as enacted into federal law in 1997. The voters of the Borough of Park Ridge approved the adoption of the Plan at the general election held on November 2, 1999.

The first year of eligibility for entrance into the Plan was calendar year 2000. The tax deferred income benefits for emergency services volunteers, consisting of the Volunteer Fire Department and the First Aid Organization, come from contributions made solely by the Borough on behalf of those volunteers who meet the criteria of a plan created by the governing body.

**BOROUGH OF PARK RIDGE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 17 LENGTH OF SERVICE AWARD PROGRAM (LOSAP)-UNAUDITED (Continued)**

If an active member meets the year of active service requirement, a LOSAP must provide a benefit between the minimum contribution of \$100 and a maximum contribution of \$1,150 per year. While the maximum amount is established by statute, it is subject to periodic increases that are related to the consumer price index (N.J.S.A. 40A:14-185(f)). The Division of Local Government Services issues the permitted maximum increase annually.

The Borough of Park Ridge has contributed \$1,705 and \$1,539 for 2020 and 2019, respectively, for each eligible volunteer fire department member into the Plan. The Borough also contributed a one-third (1/3) share of \$1,705 and \$1,539 for 2020 and 2019, for each eligible volunteer Tri-Boro Ambulance Corp member into the Plan. In addition, the Boroughs of Montvale and Woodcliff Lake also contributed one-third (1/3) share each of \$1,705 and \$1,539 for 2020 and 2019, respectively, for each Tri-Boro Ambulance Corp. member into the plan. The total Borough contributions were \$51,719 and \$46,157 for 2020 and 2019, respectively. The total contributions from the Boroughs of Montvale and Woodcliff Lake were \$21,596 and \$24,616 for 2020 and 2019, respectively.

In accordance with the amendments to Section 457 of the Internal Revenue Code and the State Deferred Revenue Regulations, the Borough has placed the amounts deferred, including earnings, in a trust for the exclusive benefit of the plan participants and their beneficiaries.

Lincoln Financial Group is the administrator of the plan. The Borough's practical involvement in administering the plan is essentially limited to verifying the eligibility of each participant and remitting the funds to the plan administrator.

**Vesting and Benefits**

A volunteer is eligible to receive a distribution of funds upon completing 5 (five) cumulative years as an active member of the volunteer organization. Certain restrictions and tax implications may result in the event of a withdrawal of funds from the Plan.

If a volunteer member does not vest and terminates their association with the emergency service organization, the funds are returned to the sponsoring agency's surplus.

**Reporting Requirements**

The New Jersey Administrative Code NJAC 5:30-14.49 requires that the Borough perform a separate review report of the plan in accordance with the American Institute of Certified Public Accountants (AICPA) Statements on Standards for Accounting and Auditing Review Services. Since a review does not constitute an audit, the financial statements pertaining to the Plan are presented as unaudited in this report as part of the Borough's Trust Fund.

**NOTE 18 TAX ABATEMENTS**

For the years ended December 31, 2020 and 2019, the Borough provided property tax abatements through a certain program authorized under State statutes. This program was the New Jersey Housing and Mortgage Financing Act (NJHMFA).

**BOROUGH OF PARK RIDGE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2020 AND 2019**

**NOTE 18 TAX ABATEMENTS (Continued)**

The New Jersey Housing and Mortgage Financing Act (NJSA 55:14K et. seq.) allows for property tax abatements for residential rental housing projects financed by the New Jersey Housing and Mortgage Finance Agency. These property tax abatements last for the term of the original mortgage financing so long as the residential rental housing project remains subject to the NJHMFA Law and regulations. The process begins when the municipality passes by ordinance or resolution, as appropriate, that such residential rental housing project shall be exempt from property tax provided that an agreement is entered into with the housing sponsor for payments in lieu of taxes (PILOTs) to the municipality. The agreement can require the housing sponsor to a PILOT payment to the municipality in an amount up to 20% of the annual gross revenue from each housing project. For the years ended December 31, 2019 and 2018 the Borough abated property taxes totaling \$120,428 and \$117,053, respectively, under the NJHMFA program. The Borough received \$12,421 and \$9,638 in PILOT payments under this program for the years ended December 31, 2020 and 2019, respectively.

**NOTE 19 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC**

The World Health Organization declared a pandemic following the global outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, which was first discovered in China and has since spread to other countries, including the United States (and to the Borough) (the “COVID-19 Pandemic”). On March 13, 2020, the President of the United States declared a national emergency to unlock federal funds and assistance to help states and local governments fight the pandemic. Governor Phil Murphy, of the State of New Jersey, also instituted mandatory measures via various executive orders to contain the spread of the virus, including closing schools and nonessential businesses and limiting social gatherings. These measures, which altered the behaviors of businesses and people, had negative impacts on regional, state and local economies. The Governor, pursuant to various executive orders, then implemented a multi-stage approach to restarting New Jersey’s economy. The declaration of the state of emergency and of a public health emergency was terminated by the Governor, by executive order, on June 4, 2021. Also, on June 4, 2021, the Governor signed into law Assembly Bill No. 5820 which terminates most of the Governor’s pandemic-related executive orders in early July. The remaining executive orders (dealing with coronavirus testing and vaccinations, moratoriums on evictions and utility shutoffs and various other matters) will terminate on January 1, 2022. In the event of substantial increases in COVID-19 hospitalizations, spot positivity or rates of transmission, the Governor is empowered to impose more restrictive measures than currently in place. Recently, the United States Congress has passed relief and stimulus legislation including the American Rescue Plan Act signed into law by President Biden on March 12, 2021, comprising of \$1.9 trillion in funding to address the COVID-19 Pandemic. This legislation is intended to address the financial impact of the pandemic on the U.S. economy and alleviate the health effects of the COVID-19 pandemic. It is too early to predict if the legislation will have its intended affect.

In compliance with the Governor’s executive orders, the Borough has instituted necessary precautions and procedures, so as to allow the Borough to continue to provide services during this time. The Borough is functioning administratively, and its departments continue to operate both remotely and on-site, where safe and practicable. The Borough will continue to collect property taxes and other municipal revenues. Because of the evolving nature of the outbreak and federal, state and local responses thereto, the Borough cannot predict how the outbreak will impact the financial condition or operations of the Borough, or if there will be any impact on the assessed values of property within the Borough or deferral of tax payments to municipalities. The Borough cannot predict costs associated with this or any other potential infectious disease outbreak, including whether there will be any reduction in State funding or an increase in operational costs incurred to clean, sanitize and maintain its facilities either before or after an outbreak of an infectious disease. At this time, it is not possible to predict any future financial impacts as a result of this pandemic on the Borough’s operations; however, such amounts, if any, could be material.

As of the date of this report the Borough has not issued nor awarded the sale of said bonds or notes.

**Bond Anticipation Notes**

On April 30, 2021 the Borough issued bond anticipation notes in the amount of \$4,056,700 to temporarily finance expenditures related to various general and water utility capital projects and acquisitions. The Borough awarded the sale of said notes to TD Securities, New York, New York at an interest rate of 1.00%. These notes dated April 30, 2021 will mature on April 29, 2022.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members  
of the Borough Council  
Borough of Park Ridge  
Park Ridge, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements – regulatory basis of the Borough of Park Ridge as of and for the year ended December 31, 2020, and the related notes to the financial statements, and have issued our report thereon dated October 5, 2021. Our report on the financial statements – regulatory basis was modified to indicate that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the financial reporting requirements of the State of New Jersey for municipal government entities as described in Note 1. In addition, our report on the financial statements – regulatory basis was modified on the regulatory basis of accounting because of the presentation of the unaudited LOSAP Trust Fund financial statements.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough of Park Ridge's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough of Park Ridge's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Park Ridge's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough of Park Ridge’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

However, we noted certain matters that are not required to be reported under Government Auditing Standards that we reported to management of the Borough of Park Ridge in Part III of this report of audit entitled, “Letter of Comments and Recommendations”.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Park Ridge’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Park Ridge’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Current Year Findings**

**Finance**

- **Finding** – Our audit of the Water and Electric Utility Operating Fund collections indicated that payment stubs for the month of September 2020 were not available for audit.

**Recommendation** – Procedures be enhanced to ensure that all Water and Electric Utility payment stubs are retained and made available for audit.

- **Finding** – Our audit revealed certain Water Utility Capital Fund ordinances over five years old where unfinanced cash deficit balances exist at year end.

**Recommendation** – Water Utility Capital Fund ordinances greater than five years old with unfinanced cash deficits be funded accordingly.

- **Finding** – Our audit of the Swim Pool Operating Utility indicated that the 2020 pool fees approved by the Swim Pool Commission were not approved by a fee ordinance adopted by the governing body in 2020. However we noted subsequent to year end the governing body adopted a fee ordinance approving both the 2020 and 2021 swim pool fees. Therefore, since the Borough took corrective action in 2021 no recommendation is deemed warranted.

**Current Year Findings (Continued)**

**Finance (Continued)**

**Recommendation** – All payments be processed through the purchase order system and all vendors be assigned a valid vendor identification code.

**Payroll**

- **Finding** – Our audit revealed the fixed asset inventory report was not updated for additions and deletions in 2020.

**Recommendation** – The fixed asset inventory report be updated for additions and deletions on an annual basis at year end.

- **Finding** – Our audit of payroll revealed the following:
  - Police outside duty hourly rate payments to a certain individual were not made pursuant to the contract hours stipulated in the respective employee's contract.
  - Retro payments made to certain employees were incorrectly calculated resulting in payments made in excess of the retro amount due.
  - Unused sick and vacation payouts to certain employees were incorrectly calculated based on required work hours in respective employees' contracts.

**Recommendation** – Greater care be exercised in the processing of payroll to ensure rates and retroactive payments are properly calculated.

**Contracts and Agreements Required to be Advertised for NJS 40A:11-4**

NJS 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the bid threshold, except by contract or agreement."

The bid threshold in accordance with N.J.S.A. 40A:11-4 was \$17,500. The Borough has adopted a resolution increasing the threshold to \$40,000 and has appointed the Director of Operations as qualified purchasing agent in accordance with regulations established by the Division of Local Government Services.

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

**GENERAL COMMENTS (Continued)**

**Contracts and Agreements Required to be Advertised for NJS 40A:11-4 (Continued)**

The minutes indicate that bids were requested by public advertising for the following items:

Memorial Field Turf Expansion	Vacuum Circuit Breakers & Equipment
LED Sports Lighting Fixtures	Tree Trimming Services
Water and Electric Distribution Materials	

The minutes indicate that resolutions were adopted and advertised, authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did reveal certain payments, contracts or agreements in excess of \$40,000 "for the performance of any work, or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJS 40A:11-6.

**Collection of Interest of Delinquent Taxes**

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 1, 2020 adopted the following resolution authorizing interest to be charged on delinquent taxes, water and electric utility accounts:

"BE IT RESOLVED, by the Borough Council of the Borough of Park Ridge that the Tax Collector is hereby authorized and directed to charge interest on delinquent taxes, water and electric utility accounts as follows:

First 10 Days of Tax Payments	No Penalty
Thereafter, from the Due Date of Tax Payments for the 1st \$1,500	8%
Thereafter, the Balance in Excess of \$1,500	18%

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

**Delinquent Taxes and Tax Title Liens**

The last tax sale was held on December 3, 2020

The following comparison is made of the number of tax title liens receivable on December 31, of the last five years:

<u>Year</u>	<u>Number of Liens</u>
2020	0
2019	0
2018	0
2017	0
2016	0

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.
