- State of New Jersey Cash Management Fund

The Borough may purchase other obligations approved by the Division of Investment of the Department of Treasury for investment by local units.

Investments shall be limited to a maturity of not more than one year unless a longer term is permitted by applicable Federal or State regulations. Allowable investments with maturities which extend beyond the end of the Borough's fiscal year shall be permitted only if interest accrued on the investment is credited to the Borough at the end of the fiscal year for the purpose of realizing budgetary revenue.

The purchase of Certificates of Deposit shall be made based on the availability of funds for investment and the analysis of projected cash flows. Bids for Certificates of Deposit will be solicited of at least three designated depositories only if the amount available for investment is \$100,000 or greater. Telephone bids will be solicited by the Chief Financial Officer, or designated staff member. Bidders shall specify the principal amount, interest rate, and maturity of the investment. A check or wire transfer will be made available to the winning bidder on the same business day the bid is awarded. Where the return on a proposed investment does not exceed the cost of making such investment, the Chief Financial Officer will not make the investment. The Chief Financial Officer shall have the discretion to award an investment to the depository wherein the funds reside, should that institution's quoted interest rate be less than other quoted rates, and the differential in interest rates is not more than twenty-five (25) basis points (0.25%), providing that the term of the investment is thirty (30) days or less. The Chief Financial Officer shall have discretion to reject all bids.
