Our office is prepared to review the final design intent as it relates to the site / civil engineering construction documents once this has been finalized.

b. 2022 ROADWAY IMPROVEMENT PROJECT

Our office understands that the Borough has selected roads and intends to proceed with a Year 2022 Roadway Improvement Program in the coming months. As directed by the Borough, the road list for the Year 2022 Road Program includes the following roads:

- Leach Avenue – MA 2021 Grant funded
- Fairview Avenue – Municipally Funded
- Sibbald Drive – Municipally Funded

- Hall Court – Municipally Funded
- North Avenue – Municipally Funded (postponed to 2023 due PSEG work)

The Borough has provided a selection of roadways to be included in the 2022 road program. These roadways include the NJDOT MA 2021 funded roads as listed above. Estimates for the above roadways were previously provided for review. Our office issued a proposal for design and construction management related to the selected roadways on April 14, 2022. To expedite the preparation of design and construction bid documents, our office proceeded with the work immediately. It shall be noted that non-NJDOT funded roadways may be bid as alternates based upon available funding. Please note that the contract award deadline for the aforementioned NJDOT-funded roadways is November 21, 2022.

At this time, design and construction document preparation for the above roadways is complete. The project is currently out to bid and bids will be opened on June 24, 2022. This project was awarded at the June 28, 2022 Mayor and Council meeting. Contracts have been prepared and submitted to the Contractor. Milling and paving along Sibbald Drive and Hall Court is substantially complete. In addition, drainage improvements along Leach Avenue and North Avenue are complete. At this time, our office is coordinating with Park Ridge Public Works to address a newly discovered sag in a sanitary pipe located along Fairview Avenue. Construction of the improvements to the sanitary sewer main along Fairview Avenue are complete and milling and repaving of Fairview Avenue is scheduled for the end of this week. This project also includes milling and resurfacing of North Avenue. In early October, PSEG arrived on site to complete additional gas main installation. This work was not properly coordinated with the Borough and we were not notified of such in advance. It shall be noted that this work was scheduled for completion in July / August of 2022. At this time, our office is working to determine the earliest date that the PSEG work will be completed and when North Avenue can be milled and resurfaced.

Our office has prepared payment documents for the work completed to date and has submitted the same for review and approval at the next Mayor and Council meeting.
